EDUCATION

BCA

Maharaja KrishnkumarSignji Bhavnagar University

06/2022 - 04/2025

Higher Secondary

B.M. Commerce High School

06/2020 - 05/2022

Secondary School

Shri Mahalaxmi Girls High School

06/2018 - 03/2020

PERSONAL PROJECTS

StudyUnify Admin Panel

- A React-Redux dashboard for managing roles, subjects, batches, and test schedules with dynamic forms, validation, modals, and real-time table updates for streamlined school administration.

Book Store

- Built a full-stack bookstore app with an admin dashboard for book management, inventory control, cart functionality, and cash-on-delivery order placement.

English Dictionary

- Created a React-based dictionary offering real-time word search with definitions, synonyms, antonyms, pronunciation, and usage examples.

Authentication

- Developed secure user authentication using React, Node.js, Express, MongoDB, and JWT for user signup, login, and protected route handling.

Gemini

- Designed a responsive chat web app using ReactJS and Tailwind CSS with dynamic UI, API integration, and real-time messaging features.

Photo Album

- Built a photo gallery using HTML, CSS, and JavaScript with features for image search, downloads, and author attribution.

WORK EXPERIENCE

ReactJs Developer

JDK Group

12/2024 - 05/2025

Bhavnagar

Achievements/Tasks

- Developed and maintained dynamic web applications using React to build responsive, user-friendly interfaces.
- Implemented Redux for state management, ensuring efficient data flow across the app, and leveraged React Thunk for handling complex asynchronous operations, improving application performance and stability.also use framer Motion for animation
